DR. HOSTETTER'S

STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE remedy upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutricious blood, and nutricious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and the other fluids of the body purified?

Dr. Hostetter's Stomach Bitters.

Will accomplish this desirable revolution in the system regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthful invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A Word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervious headache, vertigo, general debility and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

☞ BEWARE OF COUNTERFEITS. Purchase only of reliable dealers. Sold every where.

A CARD.

MESSRS. DICKINSON BROS. BEG most respectfully to inform the inhabitants of Victoria and the Colony at large, that they have this day opened a first class shop on Government street, opposite the Bank of British Columbia, for the sale of all kinds of Meats and Vegetables, and trust that by punctuality in business they will merit a share of public patronage.

NOTICE.

IN THEIR VARIOUS BUSINESS transactions and engagements the BRITISH COLONIST PUBLISHING COMPANY will sign

oc7 HARRIES & CO.

V. R.

Colonial Secretary's Office, New Westminster, 22nd October, 1864.

THE GOVERNOR DIRECTS IT TO be notified that it is his intention to bring before the Legislative Council a Bill revising the Land Laws of this Colony, and particularly as affecting the method of acquiring unsurveyed Crown Lands. From and after the date of this notice, until the question has been decided by the Legislature, all the Crown Lands of the Colony are reserved from pre-emption, and instructions have been given to the several Magistrates not to receive any further record of pre-emption, unless with the sanction of the Government. This sanction will be granted in every instance where it shall appear that the tranquility of the Colony, and the public interests, are not likely to be prejudiced.

by command,

CHARLES GOOD,

oc24 3m For the Colonial Secretary.

Colonial Secretary's Office, New Westminster, 27th September, 1864.

THE GOVERNOR HAS BEFORE HIM A PROposal for the establishment of steam communication between Panama and New Westminster, and is of opinion that terms acceptable to the Colony may be secured if coal be found within a reasonable distance of the navigable portion of Fraser River.

Notice is therefore hereby given that a reward of One Hundred Pounds will be granted for the discovery of a seam of coal fit for steaming purposes, and capable of being worked with advantage, within one mile of the Fraser River, at or below Yale, or within a mile of Burrard's Inlet.

This reward may be increased should the coal be discovered within convenient proximity of the spot to which it is proposed that the steam vessels should resort.

The Governor in Council to be the sole judge as to whether the premium is to be awarded.

By command,

CHARLES GOOD,

se29 3m For the Colonial Secretary.

Notice to Mariners.

FRASER RIVER SANDS.

THE WHITE BEACON RECENTLY constructed, and distinguished in the Sailing Directions as No. 6, has disappeared.

JAMES COOPER, Harbormaster.

no11

NOTICE.

—TO—

To Mariners entering Fraser River.

BEACONS (FOURTEEN) WITH CLUSTERS of Piles, having been constructed on the Fraser River Sands, the following sailing directions are published for general information:

On the South Sand there are 3 Beacons. On the North Sand there are 5 Beacons, numbered consecutively from one to eight.

No 1.—South Sand Head, placed in 7 feet low water. One-half a Cable N. W. ¼ W of Buoy, distinguished by a pole elevated 20 feet above the piles, on which is fixed a cask; the pole, cask, and one pile painted RED.

No. 2.—North Sand Head, half of a cable to the westward of Buoy, placed in five feet at low water; distinguished by a large Diamond formed with boards, elevated on a pole 20 feet above the piles. This Beacon is all BLACK.

No 3.—North Sand, about half the distance between Chequered and Black Buoy; distinguished by white and black horizontal stripes; placed in 6 feet at low water.

No. 4.—North Sand, nearly abreast of Black Top Buoy is a Black Top Beacon, 1 cable distant, placed in 5 feet at low water; the top being a black triangle, formed with board slabs on a white pole, elevated 16 feet above the piles, which are whitewashed.

No. 5.—North Sand, on the Spit, one and a quarter cable S W of Red Top Buoy, is a Red Top Beacon, which is placed in 5 feet at low water; distinguished by a large cask painted RED, elevated on a white pole ten feet above the piles; the upper part of the piles being whitewashed.

No. 6.—North Sand, a cable distant N. N. W. of buoy distinguished by a large triangle, the apex of which is on the lower part of the pole, and formed with white boards, elevated 15 feet above the piles. This Beacon is all WHITE, and makes a conspicuous object either for entering or leaving the river.

No 7.—South Sand—is a Black Beacon, placed in 6 feet at low water, having only a St. Andrew's Cross elevated on a pole 10 feet above the piles.

No. 8.—South Sand, about a cable's length from No. 7, placed in 1 foot at low water, is a White Beacon formed with a St. Andrew's Cross, as above. As these Beacons, Nos 7 and 8, are intended to lead vessels of large draught over the Bar in the deepest water, they are here often alluded to as the Cross Beacons.

All Buoys and Beacons on the North side of the channel are to be passed on the port hand.

The instructions issued by Captain Richards, R. N., in the V. I. and B. C. Pilot, are still applicable for entering Fraser River. The Beacons constructed on the Sands indicating the locality of the buoys, remove a great difficulty hitherto experienced by navigators in distinguishing the several buoys.

For vessels of large draught the Cross Beacons will be found invaluable, as by taking care to port sufficiently soon, so as to cross when in a line, they will lead over the Bar, carrying from 19 to 22 feet at high water, (in all other parts of the channel much deeper water will be found). After the Red Top Beacon is brought in a line with the White Beacon, the Buoy may be with safety rounded; then steer in direction for the White Buoy and Beacon, and from thence to Gorry Point.

JAMES COOPER, Harbormaster.

New Westminster, 29th Sept., 1864. oc10 3m

PUBLIC NOTICE.

Conveyance of Mails through British Columbia.

SEALED TENDERS WILL BE RECeived at the General Post Office, New Westminster, up to 12 o'clock noon, of the 17th day of December, 1864, for the Conveyance of Letters and the usual Government Mail matter through British Columbia, for one year from 1st June, 1865.

1. From 1st June, 1865 to 31st October, 1865, and from 1st April, 1866 to 31st May, 1866, Mails to be despatched from New Westminster to Williams Creek and intermediate stations every Wednesday and Saturday at 2 o'clock p m., arriving at

HOPE, YALE & DOUGLAS, the following day

LILLOOET & LYTTON, on or before the 3rd day

CLINTON, on or before the 4th day

QUESNELLE MOUTH, on or before the 7th day

WILLIAMS CREEK, on or before the 10th day

2.—From 1st November 1865, to 31st March, 1866, Mails to be dispatched from New Westminster three times a month, at intervals of not less than ten days, or more than twelve days, arriving as above at the various up stations.

3.—From 1st June to 31st October, 1865, and 1st April to 31st May, 1866, Mails to be dispatched from Williams Creek twice a week, at intervals of not less than three days or more than four days (such days to be specified by the contractor) for New Westminster and intermediate stations, arriving at Quesnelle mouth on or before the third day, Clinton on or before the fifth day, Lytton and Lillooet on or before the sixth day, Douglas, Yale and Hope on or before the eighth day, New Westminster on or before the tenth day.

4.—From 1st November, 1865, to 31st March, 1866, Mails to be dispatched from Williams Creek three times a month, at intervals of not less than ten days or more than twelve days, arriving as above at the various down stations.

5. When the navigation is interrupted by ice, the service up and down will only be required three times a month, and less if the Postmaster General deems it sufficient.

6. The contractor to furnish at least two approved sureties in the sum of £1,000 for the *bona fide* character of his tender, and for the due performance of his contract, and to be subject to the usual conditions in Government postal contracts.

All further information necessary can be obtained at the General Post Office, New Westminster.

The lowest or any tender not necessarily accepted.

BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 1862.

"As a sample of English clock-work on a large scale, the whole of this are probably the finest finished that have ever been seen in this country. No Chronometer could be fitted with more perfect or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A triumph of ingenuity.—*Telegraph*, March 31, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 7, 1862.

"Some of them are of great beauty, and if be English watch can only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—*Times*, June 23, 1862.

Ranged round the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admitted for the beauty and delicacy of the finishes and perfection of the movements to be the finest specimens which have been produced at present capable of producing. The clock and watches were celebrated at the Exhibition without the trouble of a Government Commission.—*Morning Post*, November 8th, 1862.

CLOCKS.—Drawing Room, Dining Room, Bed Room, Library, Hall Clocks, Chiming Clocks, Astronomical, Turret Clocks, Chronometers, Regulators, Counting House, Office, Shop, Warehouse, Office, or Counting House Clocks, from 1,000 guinea to £11s. each.

THE BRITISH COLONIST

Monday Morning, November 28, 1864.

To Advertisers & the Public.

THE DAILY BRITISH COLONIST, published every morning (Sundays excepted), is the largest and most widely circulated journal in Her Majesty's Possessions on the Pacific.

Resident Subscribers may have the same left at their residence at 25 cents per week, by furnishing their address at the Office of Publication.

THE WEEKLY BRITISH COLONIST, published every Tuesday, will be mailed or left at the residence of Subscribers, ready for mailing, at 25 cents per week, payable to the carrier.

JOB PRINTING.

THE BRITISH COLONIST PUBLISHING COMPANY having received a large addition to their stock of new and beautiful jobbing type, will execute orders to any extent with neatness and despatch, at a slight advance on San Francisco prices.

WAR AND ITS CHANGES.

There is a strange mixture of the infernal and the noble—the inglorious and the sublime—in war. When we read the "bald and disjointed" paragraphs that come to us in the shape of telegraphic news, we sometimes learn that a battle has been fought, an army defeated, and a country overrun by the conquerors; but the narrative is so tame and so common place that we scarcely bestow a thought on the dreadful scenes which lie behind the telegraphic "drop curtain." The smoking roofs, the deserted villages, the desolated farms, the women and children turned adrift, while their husbands and fathers, who were yesterday in the enjoyment of buoyant health, to-day lie "stark and stiff under the hoofs of vaunting enemies," the slowly dying uncared for wounded, and the maimed and crippled whose helpless forms are borne over many a rough and tortuous highway to the army hospital—these are things to which the mind but rarely reverts, and yet they are the dread but invariable accompaniment of every battle. Occasionally we learn the effects of an army's march—of the "desolation and destruction that mark its progress." We are told that Sheridan in his recent falling back in the Shenandoah Valley, laid waste the whole country from the Blue Ridge to the North Mountain, burning 2000 barns filled with hay, wheat and farming implements, and over seventy mills filled with flour and wheat, and all for the military purpose of making the country untenable for the Confederate army. When we consider the devastation that has overrun the Southern States from the commencement of the war—the millions upon millions worth of property that has been destroyed—enough to feed all the starving of the old world—we get some faint idea of that malignant influence which presides over man when warring with his kind.

When we leave the deplorable physical effects of the internecine strife which rages on the American continent, and turn our attention to the moral metamorphoses in the belligerents, we begin to see that the fiery ordeal has not been fruitless—that the besetting sins of both combatants are undergoing that process to which the dross is subjected in the crucible. We perceive that insufferable braggadocio, by which the nation was generally characterised before the war, give way to a modesty and humility more in keeping with a Republic and with a people who can afford to be unassuming. The great change, however, which has taken place is that in reference to Slavery. Before the war, even in the North, there was but a small body—a faction it was called—who looked with horror on the institution and who desired its abolition. Now, what do we find in the compromising North? —a war which embraces in its aims "universal emancipation." This is a change startling enough in the course of three short years; but what shall we say of the South, where the "peculiar institution" flourished and had its being—of a people that went to war for the greater security of Slavery—what shall we say of its metamorphosis so illogically grand? It goes to war to perpetuate Slavery and it abandons Slavery to perpetuate the war. Was there ever a more signal rebuke given to a belligerent—a more effective argument against the *casus belli?*

There is something significant in the Southern proposition to arm the slaves and give them their freedom; not only because it shows how hopeless Slavery has become even in the eyes of the Confederates, but because it brings them to nearly the same point of view as the North. With Slavery gone there would be really nothing for the South to fight for, and she might as well save her valuable blood and her equally hard to be spared treasure. It is because things are approaching this point that we have hopes of a speedy cessation of the strife. When we read of the sacrifices and of the straits to which this self-denying people are put the hope is further strengthened. The finances of the country are in the most hopeless condition. Says the Richmond *Enquirer*:—"Money has ceased to be a standard of value in the Confederacy. The promissory notes of the Government cannot buy supplies of labor. Great manufacturers hold out such inducements to purchasers who will pay in produce, that even the stringent orders of the War Department, forbidding detailed farmers to barter their crops for indispensable machinery, have become powerless. Mechanics refuse to work for anything but provisions. Teachers demand a pittance in eatables or a small fortune in treasury notes. Worst of all, Government itself offers an immense premium on all taxes paid in kind by assessing provisions furnished for that purpose at the highest market rate. It floods the country with certificates of debt." With all this wretchedness—with the loss of life and the destruction of property—with the disruption of all the legitimate channels of trade which the war has caused—there is we believe a brighter prospect for North and South than ever. We can see the nation arise from its internal convulsion, weak it is true, but with a more permanent health, a more vigorous strength in the future—when mob law will never more supersede that of the State; when the knife and the pistol, the companions of a race conscious of physical weakness, will no longer disgrace a people with Anglo-Saxon blood in its veins; when "tar and feather," "riding on a rail," and other practical jokes upon the outspoken, will disappear beneath the new order of things that will embrace freedom of speech; when rowdyism will become extinct, and when the best instead of the worst citizens of the Republic will become its law makers and its law administrators.

THE THUMBS GOING ABROAD.—By late advices from the East it appears that Gen. Tom Thumb had taken staterooms for his family and suite on board the steamer City of Washington, for Liverpool. The General was announced to retire for ever from public life at the close of his present engagement at the Museum. The Thumb family were to make the tour of Europe in their private capacity. They would stop a few weeks in Great Britain and France, and spend the winter in Florence and Rome. Commodore Nutt and Minnie Warren would continue to give their public exhibitions in this country.—*Bulletin.*

THE WATER SUPPLY AT THE LATE FIRE.

EDITOR BRITISH COLONIST.—SIR,—I regret very much the necessity of having to appear in print in order to contradict a remark made by our worthy Mayor in the Council Meeting, Nov. 25th, 1864, after the reading of my communication to His Excellency the Governor on the subject of the late Fire at the Old Fort Yard, as follows:

"The Mayor remarked that on making enquiry into the matter, he found that at the time of the fire the supply of water was very low in the tanks, but on the following day they were all filled."

I feel confident that such statement would not have been made unless he was wrongly informed by some one connected with the Spring Ridge Water Company. His Worship may well remember a conversation that took place in his office the morning after the fire with the Engineer and Secretary of the Company in presence of himself and Mr. Gowan, President of the Board of Delegates, and myself, which interview was of such an unsatisfactory nature that upon the advice of our President I was induced to wait upon His Excellency and lay before him the insecurity of the city from fire, owing to the scarcity of water and the actions of the Water Company in not turning on their water during a serious fire. I was requested by His Excellency to bring the matter before him officially, and also report any other matters of an important nature whenever necessary, which request was complied with. I beg leave to state most emphatically that the cistern on the corner of Fort and Government streets was not filled the "following day," and moreover, not a gallon of water was placed in it for several days after the fire, except when the water was turned into the cistern by myself, and finally, the water was shut off altogether from that neighborhood until the company was ready to fill it themselves, which they did, but not to its full capacity until Nov. 7th, twelve days after the fire.

As regards the cistern on Langley street near Yates, that was filled by the Tiger Engine Company, commanded by their efficient Foreman, Mr. John Hunt, under my superintendence, on the 28th Oct., three days after the fire, (when I became satisfied that the Water Company could not fill it, owing to their scarcity of water and not having any pipes laid in Yates street) from the cistern on the corner of Yates and Wharf streets. I need not remind the residents of Victoria that if they had depended upon the Spring Ridge Water Co's supply of water to protect their property from fire, they would not at this time be enabled to pass their evenings so pleasantly, by visiting the Victoria Theatre and supporting a worthy and enterprising manager.

Yours, &c,

J. C. KEENAN,
Chief Engineer Victoria Fire Department.

THE PRINCIPLES OF FREE MASONRY.

SUNDAY EVENING, Nov. 27.

EDITOR COLONIST:—Allow me as one of the highest Masons in this colony, through the medium of your paper, to stand by the side of my brother Mason who has so ably taken up his pen in the defence of Free and Accepted Masons in the columns of your contemporary of this date. I substantiate every word he has said, and am with him much surprised that the lodges of the place have not refuted the slur cast upon them as well as upon all Free and Accepted Masons. All Masons, for the honor and truth of our craft, *wish* the prisoner may be able to prove himself innocent of the crime charged, but I can safely aver that amongst the thousands that range under its banners there is not a true Mason who would not wish him to be made an example of if guilty. No! far be it from Masonry to shield guilt. Rather bring it to the proof, let it pass through the fire, and if it come forth pure and unspotted none will receive him back again with warmer hearts than his brethren; but if guilty and not square work fit for the Grand Mastery use, then heave it among the rubbish outside the city. Our principles teach us to curb ambition, repress envy, moderate anger, and encourage every good disposition, so that out of it may arise that "which nothing earthly gives or can destroy; the soul's calm sunshine or the heart's full joy."

Yours faithfully,

JOHN THOMPSON, R. † R.R.D.M.R.H.

THE OFFICE OF CORONER.

The following petition has been handed to us for publication. We understand it will be extensively circulated during the course of the day and presented to the House of Assembly at 3 o'clock:

To the Honorable Speaker and Members of the House of Assembly of Vancouver Island:

The humble petition of the Mayor, Councillors, and other inhabitants of the City of Victoria, sheweth:

That Whereas a bill entitled "An Act relating to the office of Coroner is now before your Honorable House, containing sections obnoxious to the prerogative of the Executive, to the liberty of the subject, and to the economical administration of the said office;

And Whereas the tendency in England, the British North American Provinces, and other parts of Her Majesty's dominions, is to abolish the special office of Coroner, and confer the functions of it on Magistrates;

And Whereas it is expedient and desirable as far as compatible with good government to reduce instead of increase the number of salaried officers in this colony,

Now Therefore we the undersigned Mayor, Councillors, and other inhabitants of the City of Victoria, do humbly pray that your Honorable House will re-commit the said bill for further consideration; and that as it is necessary that inquests be held where death occurs suddenly or under suspicious circumstances, we therefore pray that your Honorable House will pass a bill enabling stipendiary magistrates or other justices of the peace to hold inquests, subject to the rules and regulations as applied to Coroners in England, with such modifications only as will adapt them to the peculiar circumstances of this colony, and to the performance of the duties of the said office by magistrates, stipendiary or otherwise, as the case may be, instead of exclusively by a special coroner, and that the office of special coroner, proposed to be established by the "Act relating to the office of Coroner" be abolished, as the appointment of the present incumbent of that office is considered illegal and invalid; and as great inconvenience and annoyance have been occasioned by the unnecessary number of jurors summoned, your petitioners would respectfully suggest that in all ordinary cases of sudden death which demand an enquiry, the number of jurors sworn be limited to six.

And your petitioners as in duty bound will ever pray.

NEW BOOKS.

"THE POTOMAC AND THE RAPIDAN."—Army notes from the failure at Winchester to the Reinforcement of Rosecrans, 1861-3, by Alonzo H. Quint.

This is a neatly printed and well bound volume of 398 pages, written by the chaplain of a Massachusetts regiment, embodying the experiences of a follower of the army during the period alluded to above. A description of the battles of Ball's Bluff and Cedar Mountain, of Popes' Retreat, and Banks' Retreat, and the Battles of South Mountain, Antietam, and Chancellorsville is given. The book is, however, more devoted to army details and the routine of the soldier's life, interspersed occasionally with anecdotes and colloquialisms. The mismanagement of the early portion of the war is candidly explained, as well as the falsity of the Northern despatches of that period, by which it was made apparent that the South was always "whipped." The work is on the whole interesting but the author is sadly lacking in vigor when he comes to describe the thrilling incidents of the battle field.

"A SUMMER CRUISE ON THE COAST OF NEW ENGLAND.—By Robert Carter.

To those of our readers who are interested in coast fishing the "Summer Cruise" will be a very welcome book. There is scarcely a member of the finny tribe, that flourishes in the North Atlantic waters at least, that is not touched upon. The book is written in a very readable style, in the form of a fishing cruise, and contains occasional specimens of "the sailor's yarn." The following tale from a Swampscott skipper is essentially American in its Munchausenism:

"Rattlesnakes? Yes, sir; I *have* seen rattlesnakes. Some years ago, I grew tired of the sea, and took a farm in Illinois. I had a meadow on the prairie of three hundred acres, and when it came haying time rattlesnakes were so thick there, that of seven Irishmen I sent to mow it one morning, five were bitten so that they died instantly, and the other two were only saved by keeping them constantly drunk with whisky for more than a month. That job cost me a barrel of good Bourbon, beside the funeral expenses of the dead men."

"And you lost your hay?" said the Professor.

"Not at all. I had seen too much of snakes to be bluffed off in that way. I had a pair of boots which had been given to me at Buenos Ayres by General Rosas, of the kind worn by the Guachos on the Pampas when they go out to hunt the jaguar. They are made of the toughest bull's hide, doubled, and I was confident that if they could resist the jaguar's claws they could the fangs of the rattlesnake. They came up to my hips, and I put them on one fine morning, and taking a scythe, went into the meadow and began to mow. The snakes came at me, a dozen at a time, and whenever they struck their fangs into the tough leather it held them fast. I took no notice of them, but kept on mowing till they hung in such numbers about my legs that the weight became troublesome, and then I stopped moving and cut them off with the scythe. I had to do this about once in half an hour, and when I went home to dinner there were so many heads hanging to the boots that you could scarcely see the leather. The boys picked off enough to fill a peck measure heaping full, and when I came home to supper they got off as many more. I kept this up for a fortnight, and by that time, I can tell you, snakes were getting rather scarce in that particular meadow."

"THE BIBLE AND SCIENCE," by J. B. Sewall.

This reconciliation of the Bible to science is a subject that has been so often treated by eminent divines that one is not much tempted to peruse the lucubrations of the smaller lights of the clerical world. The present work, however, grapples with the most modern theories of science and of inspiration. It takes up Sir Charles Lyell's antiquity of man, and discusses the Mosaic Record of Creation in the light of geology, the Noachian Deluge, the Monuments of Egypt and Bishop Colenso's Assaults on the Pentateuch. The author is evidently well versed in his subjects and produces some very sound arguments against the special reasoning which has been sometimes resorted to by scientific men to show that science is superior to the Scriptures. On some important particulars, however, the writer is very illogical. His principal idea is that if science shows the Bible to be in any degree incorrect, the teachers of the sacred volume should go back to its pages and see if they have not put a false interpretation on the book, and endeavor to make it in harmony with those discoveries which the Creator has revealed to the *savant.*

"TIT-BITS;" or How to Provide a Nice Dish at a Moderate Expense.

A well printed and neatly bound little volume, and a valuable acquisition to the housekeeper. It affords an infinite variety of gastronomic treats at a very "moderate expense" indeed, and is therefore peculiarly adapted to the domestic economy of all classes of our population.

The above works are for sale at Messrs. Hibben & Carswell's, Government street.

INTRODUCTORY ADDRESS.

Read before a Cariboo audience assembled for a social evening, in aid of the funds of the Williams Creek Hospital, on 4th Nov. 1864:

Fair ladies all and gentlemen, on me the task is thrown,
To let the cause for which we've met, in poetry be known;
Not poetry in strictest phrase for critics here to scan,
But for the cause I'll do my best and rhyme as best I can.

We've met, my friends, in Cariboo, from countries far and wide,
In hopes to catch the glorious breeze that wafts to fortune's tide;
That breeze around these mountain peaks, each eagerly pursues it,
The lucky few *may* find it fair, but most are *sure* to lose it.
Here human nature may be seen, without a rag to cover it,
And "honesty," like "splendid pay," 'tis seldom we discover it;
Here Jews and Gentiles, Spaniards, French, and canny Scots unite
To constitute a motley throng, yet most attractive sight;
Here "Unionist" and "Federate" in amity combine,
To sink a mighty contest in the deep and shining mine;
Here may be seen John Chinaman, far from the rising sun,
And *Chinamen* from Canada, *men that can hold their own;*
Here languages, the first and last, assure's a book's a book,
Give forth their sweet angelic strains—the Gaelic and Chinook;—
For did not Adam, when he met fond Eve's ensnaring view,
Salute her with the famous words of "*Camer-ha-shan-dhu!*"
And did not, of the human race that first and famed Mamma,
With her sweet rosy lips, reply a charming, "*Haah-kah-mah!*"
And what is the renowned Chinook, in history, I say?—
Although as pure as any "Klootch," 'twas born but yesterday;
Yet from its "*tum-tum hyas klosh,*" in inference I draw,
That Progress is the miners' lot—they come, they "Klatawa!"
In many ways they reach the mines, in many off they sail,
On horseback, foot, the "slow express," and by the "lantern" trail.
Though many now are losing faith in Cariboo's resources,
And on their luck, with hearty will, pour bran new patent curses,
Still may they ne'er depart for *Sooke*, lest they should be *forsaken*,
And find their faith in Cariboo too soon, alas! was shaken.

Alas! upon the miner's track misfortune follows close,
And lodges many worthy ones up in the "skokum house,"
While scheming knaves roam all at large to fortunes make and mar—
We know them by their shining plumes, and by their choice cigar.

* * * * * * *

Deep in the bosom of the earth we search for shining gold;
One lucky fellow makes a raise, while *ninety-nine* are sold—
The god of Fortune reigns supreme upon these lofty peaks,
And rolls his ball mysteriously along these winding creeks.
The honest miner toils away with shovel, pick, and rocker,
To find the "bed rock pitching" him—to "Davy Jones' locker;"
While, ten to one, the greatest "gut" that ever spoiled a crust
Comes in for all the splendid things that cling around the dust.
Then ladies fair, and gentlemen, presides the Miner's God
Who wields at once a Wand of Gold and heavy Iron rod.

And when the toiling miner, out of luck and out of health,
Beholds how great the distance is 'tween him and shining wealth,
When thoughts of home and little ones his manly bosom rend,
Alas! in moments such as these where is the miner's friend?
Does he find him in the merchant, to whom he owes a debt,
Who long for his prospective gains has laid a wily net?
Alas! for hide and tallow would that merchant skin a louse
And send its bones, for "balance due," to yonder *Skookum House!*
Then whither may he seek for aid, this sad and sinking man,
Is there, for him, in Cariboo, no Good Samaritan?
Perhaps, before assistance comes, to aid his suffering worth,
His spirit wanders back to Him who lent it to the earth;
Alas! my friends, the picture is no rhymer's measured lie,
As yon bleak hill, to what I say, can amply testify.

That hill, my friends, has brought me to the burden of my theme,
A theme, which I can truly say is *not* an idle theme,
For every man in Cariboo can confidently say
A Hospital on Williams Creek is a necessity.

So thought those miners long ago, who, meriting applause,
Gave labor and their purses to the sickly miners' cause,
And among them shines the President of their good Committee;
James Wattie is an honored name—for what he *seems* is he,
But why should Jamie Wattie's name thus mingle with my rhymes?
Because, I answer, he has been *the* miner for the times
Long has this "Nature's Nobleman," *without the leave of Court,*
Been, to the Hospital, at once *foundation* and *support;*
And, by his side, another "Nature's Nobleman" has stood
Whose trade it is to cut and slash, and bathe in human blood
To simplify the matter, lest my meaning here should slip,
I will name that "bloody" nobleman—the splendid Doctor Chipp.
All season long this skilful man has stood beside the bed
Of sick and lame in Hospital, and ne'er has seen a "red;"
Then let us now in unison, with heart as well as lip,
Cry "bully" for Jim Wattie, and hurra! for Doctor Chipp.

And now I think it nearly time, as surely it is right
To greet with thanks each generous heart who aids the cause to-night;
That cause, to every bosom dear, where kindly feelings dwell,
The cause of true-born Charity, which all here aid so well;
And may you sweet enjoyment find, as fast the evening flies,
In music, dancing, songs and wine, good lunch and *splendid pies.*
I *emphasise* the *pastry*, just to banish doubt and and fear
As each and all are well assured *there is no Croton here.*

REPORT OF THE WILLIAMS CREEK HOSPITAL—From October 5, 1863 to October 5, 1864. Admitted—In Patients, 28; Out Patients, 20; Died, 3; Cured or Relieved, 45. Average time under treatment, two months. The prevalent diseases—Fever, Affections of the Lungs and Air Passages, Accidents, Rheumatism, Neuralgia, Frost Bite, Scurvy,

Caledonian Benevolent Association,

ORGANIZED NOV. 11, 1863.

THE ABOVE ASSOCIATION, formed by Scotchmen for mutual provident benevolent purposes and social intercourse, and based on the model of the Caledonian Highland Society of Scotland, is now in full working order.

The members pay a small monthly fee, the proceeds of which are accumulated as a fund to meet the wants of any of their number who may require the same on account of sickness or destitution.

All Scotchmen who may desire to join the body are requested to call at the residence of the Warden, T. Gorrie, Fort street, where they may see the Constitution and Bylaws of the Association, and leave their names, residences and references.

The Association meets on the first Friday of each month.

Steps are being taken to hold an annual Gathering for competition in Highland Games, etc.

NOTICE TO MEMBERS.—The Bylaws are now strictly enforced.

SALLAS ISLAND,

COMPRISING:

2000 Acres suitable for Stock Farm, and Leasehold Property, being portions of the

Fairfield Estate!

&c. &c.

Messrs. FRANKLIN

Are instructed to sell on

TO-MORROW,

Tuesday, Nov. 29th,

At 12 o'clock, Noon,

AT THEIR ROOMS,

Government Street,

THE FOLLOWING

PROPERTY!

PORTIONS of FAIRFIELD ESTATE.

Subdivision 18 of Section — containing 4-91 Acres Freehold.

Subdivision 19 of Section — containing 4-81 Acres Freehold.

Both these lots have a frontage of 485 feet on the road leading from Humboldt street to Fowl Bay, are under cultivation, and admirable sites for villa residences.

Subdivision No. 12, containing 2-75 acres, having 205 feet frontage on the above road, being leased property, having 18 years to run, with privilege of purchase at $1000 per acre, with annual rental $7 50 per acre.

Subdivision No. 11, containing 2-18 acres, having a frontage of 212 feet on same road, and under lease with privilege of purchase on the same terms.

Subdivision No. 10, containing 2-95 acres, with a frontage of 195 feet on same road, held under same terms.

Subdivision No. 8, containing 2-30 acres, on the same road, and held under the same terms.

Subdivisions Nos. 1, 2, 3, 4 and 5, on Moss street, held under a similar lease; rental $12 per annum per acre.

Subdivision No. 1, Section — containing 1-03 acres, with frontage of 165 feet on Moss street, with frontage on the divisional road running through the block 500 feet and upwards.

Subdivision No. 2, 1-75 acres, with frontage on Moss street of 165 feet.

No 3, 2-27 acres, with 165 feet frontage on Moss street.

No. 4, 2-27 acres, same frontage on Moss street.

No. 5, 2-22 acres, with 148 feet on Moss street

No 6, 1-12 acres, with 164 feet on Moss street

No 7, 1-12 acres, with 148 feet on Fort street

The above land is drained, cleared, and under cultivation. Every lot is separately placarded, so that any particular lot may be inspected.

—ALSO—

James Bay Water Lots.

Lots 1280 and 1281 Montreal and St. Lawrence streets, having together a frontage on Victoria Harbor of from 2 to 3 chains. The area of these lots is about ½ an acre, and they are well adapted for a lumber or shipbuilder's yard, having deep water in front. The new road up the coast of James Bay will give an excellent communication with the rest of the town.

Esquimalt.

3 Acre Lot on Esquimalt Harbor, the Western half of lot 52, being 3 acres of land, with a frontage on Esquimalt Harbor between 3 and 4 chains in extent. This lot is close to the new wharf, and is intersected by the Constance Cove new road, and a direct road from the Victoria and Esquimalt road to the water.

Sallas Island.

FREEHOLD—This Island is situate on the coast, 18 miles or thereabouts by water from Victoria Harbor, and on the direct track of the New Westminster and coast steamers. A barn of proportions adequate to contain the produce of 500 acres, 4 cattle sheds, and a log house, 30 acres cleared and fenced, and a road cut from the beach has been made, and the land is at the southern portion of the island, and in the centre of the island generally, well adapted for arable cultivation, and the whole island is admirably adapted for a sheep or stock farm, with with two springs of water, and a tract of natural grass of about 70 or 80 acres on on the sandspit at the north.

Plans of the above can be seen at the office of the Auctioneers.

Monday Morning, Nov 28, 1864.

COMMERCIAL.

Auction Sales This Day.

J. A. McCREA will sell at his salesroom, at 11 o'clock, Groceries and Provisions, consisting of Golden Gate Flour, California Hams, Salt, Beans, Candles of various brands, Bath Bricks, Chicory, Sardines, Currants, Salad Oil, Pickles, and 12 cases Drugs.

J. P. DAVIES & Co. will sell at their salesroom, at 11 o'clock, several cases of Liquorice, Serge Shirts and Jumpers, also 140 cases of Men's Youths' and Boys Boots, Shoes, Brogans and Gaiters.

FOR SYDNEY—The bark Kinnaird, Sinclair, master, was towed down from New Westminster to the Sandheads on Thursday last by the Fideliter and on Friday afternoon was carried safely across the sands, although drawing 17 feet 6 inches water. Pilot Titcomb was in charge. The Kinnaird then stood down the gulf on the American side and anchored, as it was blowing heavily from the south-east.

FROM NANAIMO—The steamer Fideliter arrived from Nanaimo and way ports yesterday morning, at 10 o'clock, bringing 20 passengers, 60 tons coal and a quantity of produce.

FROM THE SOUND—The sloop John Thornton arrived from Seabeck yesterday morning with a small lot of produce, &c. She did not lose a deck load of lumber as reported.

FROM THE SOUND—The steamer Jenny Jones, Captain Jones, arrived on Saturday from Olympia and way ports with a few passengers and a cargo of live stock.

FROM WHIDBY ISLAND—The schooner Growler Captain Barrington, arrived on Saturday from Whidby Island with 120 live hogs and a cargo of produce.

FOR THE SOUND—The steamer Jenny Jones will leave this morning at 7 o'clock for Puget Sound.

FOR NANAIMO—The screw steamer Fideliter, Captain Loudon, will leave to-morrow morning for Nanaimo and the Settlements.

VICTORIA MARKETS.

Business for the past week has been unusually quiet; in flour and grain the sales have been slow and in small amount, at former rates.

THE IMPORTS have been only one cargo, that of the Sierra Nevada, from San Francisco direct, valued at about $30,000, besides the usual arrival of stock and produce from the Sound for local consumption.

THE EXPORTS of Treasure by the Sierra Nevada were $32,210.

Jobbing prices are as follows:

FLOUR—Extra $14@14 50; superfine, $12@$12 50; Oregon extras, $11@12.
OATMEAL—$20@22 50 ℔ bbl.
CORNMEAL—$19@20 ℔ bbl.
WHEAT—$4@4 50 ℔ 100 lbs.
OATS—$3 50@3 75 ℔ 100 lbs.
BARLEY—$4@4 25 ℔ 100 lbs.: ground do $4 50 ℔ do.
BRAN—$3 ℔ 100 lbs., middling, $3 50@3 75 ℔ do.

Per stmr JENNY JONES, from Puget Sound—10 bxs butter, 50 bbls flour, 219 sks bran, 59 do shorts, 37 bxs apples, 1 bx cranberries, 25 head cattle, 6 lambs, 3 calves.

DIED.

In New Westminster on the 24th instant, Charlotte Marion, daughter of Captain Cooper, Harbormaster, aged 5 months and 10 days.

In Yale on the 22nd instant, Mrs. Wm. Reid

THE MISFORTUNES OF PHILANTHROPY.—As two gentlemen last evening were on their way to church, their attention was directed to something that lay groaning in a vacant lot on View street. Having no doubt the beautiful story of the "good Samaritan" before their eyes, they proceeded to lift up the mass of suffering humanity and place it in some place more comfortable than a "lodging on the cold ground." They accordingly propped the individual on his feet, and by dint of great exertion got him to the corner of Fort and Douglas street, when a sudden gust of wind overtook the party on the plankway that crosses the street, and the unfortunate sufferer made an accidental plunge head-foremost into the mud dragging with him one of the Samaritans. The other philanthropist, with Bible beneath his arm, attempted to raise the fallen sinner, but as the gale which was blowing furiously was no respecter of persons, his hat was whipped off and in an instant was seen careering over the morass, between the sidewalk and the macadamized part of Douglas street. It is needless to say the hat was lost, and although a lantern was brought into requisition, there was no sign of the missing article. The gentleman was consequently deprived of religious discourse for the evening. Moral—Philanthropy does not always bring its own reward, especially on a dark and blustering night.

THEATRE.—"Bel Demonio" was again presented and well performed at the Theatre on Saturday night. "Pocahontas," a clever burlesque of Brougham's on the well-known historical incident of Captain John Smith and the daughter of the Chief Powhattan, was given as the afterpiece, and created shouts of laughter by its comicalities of character and costume. Wheatleigh as Capt. Smith and Irwin as Powhattan were especially good. To-night the play is a repetition of "The Reapers" and "The Taming of the Shrew," with Mr. Taylor as Petruchio.

THE KEAN ENGAGEMENT.—In consequence of the numerous applications for the two upper boxes in the Theatre during Mr. and Mrs Kean's engagement, the committee decided on Saturday to offer the same for sale to-day, at 2 p. m., at Messrs. Franklin's office. Mr. McCrea will wield the hammer. To-morrow morning a book will be opened at Mr. Waitt's book store, opposite the COLONIST office, where parties may record their names for seats during the six nights of the engagement, the preference of choice to be balloted for when the list is complete.

TOO BAD—Last evening a gentleman named Ballantyne was sitting in Cleal's Restaurant and was about to pat a dog of the bull or mastiff breed belonging to some stranger, when the animal savagely bit his hand, inflicting a fearful gash below the ball of the thumb. When the owner attempted to turn the dog out the brute flew at him. Persons allowing such animals to roam at large and more especially introducing them to public places of resort ought to be heavily fined.

THE SPANISH SQUADRON IN THE PACIFIC—Reuter's Telegram, dated Madrid, October 7th says that at a Council of Ministers held the previous day the recall of Admiral Pinzon was decided upon. Measures were also adopted for the future command and destination of the Pacific Squadron.

McDONALD'S BANK—Mr. McDonald returned from Cariboo on Saturday evening by the Enterprise. We have not learned what his determination is with regard to the re-opening of the bank.

FROM ALBERNI—Several men came across from Alberni to Nanaimo last week. They report that the steamer Thames accidentally broke off one of the blades of her screw and was getting a new one put in.

DEATH OF A CANADIAN.—A Canadian named Evans, formerly of Nissouri, Canada West, died in Richfield, Cariboo, on the 13th inst., of inflammation. He had previously been injured by a blast in the Bed Rock Flume.

MARINE DISASTER.

Supposed Loss of Life.

A schooner arrived last evening from Port Angelos, reporting the schooner Brandt capsized off Port Angelos during Saturday's gale and all hands supposed to be drowned. A large schooner believed to be the same vessel had been previously seen standing off from shore, but her name and destination were unknown. Yesterday morning Captain Montfort, of the Northern Light, discovered a vessel bottom up, which proved to be the Brandt. Her boat was observed floating close by but not a trace was found of the captain or crew, and there were unhappily too strong grounds for concluding that they had all perished. The Brandt is a fine large schooner, and has occasionally visited this port. On these occasions she had on board the captain, his wife, two sons, and a deck hand. Captain Montfort, with the aid of Indians, was engaged in kedging the wreck ashore.

THE KOOTENAY COUNTRY.

Mr. J. W. McKay, Hudson Bay Company's agent in charge at Fort Kamloops, came down from British Columbia by the Enterprise on Saturday night. Mr. McKay has been engaged during the summer in constructing a

TRAIL

from Sooyoos Lake to Fort Shepherd, the Company's new station on the Columbia river, just north of the 49th parallel. The total length of the trail is from 90 to 100 miles, and for the greater part of the way it runs through an open level country. For the last 26 miles, however, from Kettle River to Fort Shepherd, the course is through a mountainous and wooded country, and some heavy cutting had to be done. The new trail lies wholly within British territory, and shortens the route from Hope to the Columbia by 35 to 40 miles. Mr. McKay informs us that the report of Mr. Turner, the leader of the New Westminster party, on the route to Kootenay *via* the Shuswap, is fully reliable, although he thinks that the distance across the "divide" from Shuswap Lake to the Columbia has been over-rated. Mr. McKay has had a party of men out on that route, and estimates the distance to be less than 35 miles, Mr. Turner making it 45 miles.

THE MINES.

The news from Kootenay is no later than has already been received. Mr. McKay saw numbers of miners passing Kamloops on their way to the mines, but the majority of them would probably winter at Colville, being too late for the mining season at Kootenay. Great confidence is felt in the mines by the residents in the upper country.

GOLD NEAR KAMLOOPS.

A party of Frenchmen have been working during the past summer on Tranquille river, about eight miles from Fort Kamloops, and have been making from $2 to $3 per day, crevicing and rocking. Although but small pay has been obtained, the gold found was very coarse, one piece being worth $14, and hopes are entertained that a rich lead may be struck. The river cañons through high banks of gravel, and the gold seems to have been washed out of these banks by floods,

SILVER AT SHUSWAP.

A very extensive vein of silver ore has been discovered on Cherry Creek in the Shuswap country, by a Frenchman, who has been mining there last summer. It is thought to be rich, and contains also a good deal of galena. Mr. McKay brought down a sample of the ore to New Westminster, and left it at the Government Assay office for assay.

HEAVY WEATHER.—The steamer Fideliter experienced extremely rough weather on the last run down from New Westminster *via* Nanaimo. On casting off the Kinnaird outside the Fraser Sands on Friday afternoon the Fideliter started across the gulf for Nanaimo, when the heavy southeast gale of that evening set in, and on reaching the vicinity of the port it was so thick and stormy that the entrance could not be made out; the gallant little steamer was accordingly put about, and stood out to sea all night, the wind blowing almost a hurricane and the seas sweeping over her from stem to stern. The storm moderating in the morning she again put about and reached Nanaimo in safety. Yesterday morning on the way down to this port she again encountered a heavy southeaster, against which, although steaming 10½ knots, she found difficulty in making an headway, the seas occasionally breaking over her wheel-house. The southeast gales of last week have been the heaviest of the season.

STRONG GALES,—The strong south-east gale which raged during Thursday night and Friday morning, causing the loss of the sloop Monitor and a small boat from Cowichan, freshened up again on Saturday and caused a still more serious disaster to the schooner Brandt, in the neighborhood of Port Angelos. Last evening after a period of calm it commenced to blow again with great fury, and continued doing so all night, the sky being overcast and the night as dark as pitch, with occasional flashes of lightning to seaward. We fear that we may yet hear of further casualties to shipping on our own or the opposite shores.

SAFELY OVER.—The British bark Kinnaird was towed over the Fraser river sands on Friday afternoon last, without touching bottom, although drawing 17 feet 6 in. water. The government pilot, Capt. Titcomb, was in charge, assisted by Capt. Cooper, the harbormaster of New Westminster. The *Columbian* rejoices at the discomfiture of Victoria "sports" who, it says, were betting two to one that the Kinnaird would ground on the Sands in trying to get out.

SNOW.—The first fall of snow was observed yesterday in the direction of Leech river and Goldstream. Before sunset the tops of all the mountains extending northwards through the Island were covered. The Olympian range was also coated over with a thick mantle. We have heard old residents say that when the Metchosin hills exhibit snow, severe weather may be expected to follow. We must accordingly look out.

ST. ANDREW'S SOCIETY.—The installation of officers of this Society will take place on Wednesday the 30th inst. at 2 p.m., at the Hook and Ladder Truck House. Special service will be held in St. John's Church, at 3 p.m., by the Chaplain. The annual Dinner will take place at the Colonial Hotel, at 7 o'clock, at which His Excellency the Governor we understand will be a guest.

THE MATCH RACE—The great match between Emigrant Dick and Lizzie for $1,000 will take place to-day on the Union race course, Peatt's farm. The last deposit of $500 was made on Saturday with Mr. McCann of the "Grotto."

NEW DRAPERY STORE.—Mr. F. Mitchell will open a general Drapery Establishment with a new and complete assortment of goods, received per Envoy, in the Royal Exchange Buildings, on Thursday next, the 1st December.

FREEDMEN'S RELIEF ASSOCIATION.—Rev. Mr. Briggs, Agent of the Society, will address a meeting to-night in the Congregational Church, Fort street, on topics connected with his mission.

YOU CAN OBTAIN at Roper & Co.'s, Government street, Paper Collars at One Bit per Dozen! Linen ditto $1 50 per Dozen! *

TENNYSON ON THE POLITICAL AND MILITARY SITUATION.—Correspondents have even succeeded in laying Tennyson under tribute to the cause. Here is a bunch of posies culled from "The lady of Shalott" and "Maud"

THE CROPS OF THE SHENANDOAH.

Only reapers, reaping Early
In among the bearded barley.
Hear a song that echoes cheerly
From the river winding clearly.

PRESIDENT LINCOLN.

Ah, God, for a man with heart, head, hand,
Like some of the simple great ones gone
For ever and ever by;
One still strong man in a blatant land;
Whatever they call him, what care I;
Aristocrat, democrat, autocrat, one,—
Who can rule and dare not lie.

BRITISH COLUMBIA.

ARRIVAL OF MORE TREASURE.

The steamer Enterprise arrived on Saturday night with 75 passengers and from $170,000 to $180,000 in treasure (portion of which was previously reported as having reached New Westminster). Welch and Howlett of the Bank of British Columbia reached New Westminster by the Reliance on Friday with $135,000 for the bank, which remained there for assay. Dietz & Nelson's Express also brought about $15,000 and private parties about $50,000.

The news from Cariboo is to the 17th, but is uninteresting.

[From the N. P. Times.]

From Cariboo.

There is not much news of importance from the upper country. On Williams Creek the Grizzly, the Caledonia, the Cariboo, the Cameron and the Moffat Companies are doing well. The Aurora claim is still full of water. The Bed-rock Flume is hard at work and great faith is put in the result of its operations. The Barker Co. have got the tail race for their new shaft completed. On Lowhee the Chittenden Co. have again struck very rich pay. The Sage Miller and the Washburn Co's are also doing well. On Lightning Creek nothing fresh has been struck. The weather has been very cold, but at latest advices was moderating. There were about eight inches of snow on William Creek, and on the wagon road between Bridge Creek and Clinton it lay about a foot deep. Evans, the man who was injured by a blast while working near the Bed rock Flume Co., died on the 12th instant, from an attack of pleurisy, no doubt in some measure attributable to the injuries he had received. Provisions were plentiful and prices steady. Toomey & Gannon were bringing in a large number of cattle for the winter market, which they intend to kill and freeze. There are about 400 men on Williams Creek, most of whom intend wintering there. Smith, of Cottonwood; was about to start sleighs into the Creek, and intends to keep the road open all the winter.

A HANDSOME CABINET SEWING MACHINE silver-plated, of Grover & Baker's manufacture, is for sale at Messrs. J. H. Turner & Co's Millinery and Show Rooms, No. 6, Fort reet. *

LATEST FROM EUROPE.—Messrs. Turner & Co., London House, Fort street, have received by yesterday's mail, direct from Europe, Tape Trimmings, Velvet, Straw and Beaver Hats, Velvet Mantles, real Irish Poplins (from the first Dublin manufactory), Feathers, &c., &c. *

A CARD.

F. W. Cave, Dentist, begs to call the attention of the inhabitants of Victoria and the vicinity that he is now practicing all branches of his profession at English prices. Office—Trounce Alley, four doors from Government street, nearly opposite COLONIST Office.

HOLLOWAY'S PILLS.—Dyspepsia, indigestion, flatulency, heartburn, biliousness, nausea, want of appetite. French Philosophers trace the moral feelings of the mind to the state of the stomach; and there is much wisdom in the speculation; the stomach to the human body is more than the kitchen to the domestic establishment—be it ever so slightly disordered, the whole internal economy is deranged. The young may smile at the simile, and disbelieve the tremendous sacrifice indigestion exacts from its victim. The day will come when they will lament over their dyspepsia, as thousands stronger than themselves have done, when it will be well for their comfort and happiness if they only remember these prophetic words, and hold in readiness Holloway's Pills, a certain safeguard.

ST. VITUS' DANCE.

This distressing and mortifying nervous affection is left generally either to take its natural course, or is treated on general principles with very little success. The nervous symptoms are not the disease itself, and proceed from functional or organic derangement in the nervous centres. No medicine has been found equal to the PERUVIAN SYRUP, in checking the involuntary nervous tremblings known as St. Vitus' Dance.

NERVOUS DEBILITY.

It is quite common to find in the female sex persons suffering from what are called "weak nerves," without any actual organic disease. This condition which is really one of weakness and pain is happily modified by the PERUVIAN SYRUP, which restores the tone of the nervous system by its direct vitalizing influence on the blood.

ULCERS.

There is no surer sign of deterioration of the vital fluids, and of a general debilitated condition of the system, than the occurrence and persistence of ulcers in various parts of the body. The PERUVIAN SYRUP improves the tone of the stomach, causes the preparation of a purer blood, and of course must repair the unhealthy loss of substance, which is generally so difficult to fill up.

DR. HOSTETTER'S STOMACH BITTERS.—It renovates, strengthens, and purifies the system, and aids the stomach in the performance of its functions. It is a sovereign specific for imparting strength, vigor, and tone to the system, and possessing the curative powers for all diseases arising from a disordered stomach. In the most severe cases of cramp, diarrhœa, and weakness in the stomach, the "Bitters" have been rigidly tested, and always with the greatest success.—Sold by all druggists and dealers everywhere.

TOYS! TOYS!!

IMPORTANT NEWS.

NEW ADVERTISEMENTS.

"CONSTITUTION WATER,"

THE ONLY REMEDY

FOR DISEASES OF THE

Bladder! Kidneys!!

Gravel, Dropsical Swellings,

GENITAL DEBILITY, &c

THE ASTONISHING SUCCESS WHICH has attended this INVALUABLE Medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of maladies above mentioned and also DIABETES,
IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorders or decays of the PROCREATIVE FUNCTIONS Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER.

Whether broken down by excess, weak by nature or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified, and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active; and he goes forth regenerated. conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

Irritation of the Neck of the Bladder,
INFLAMMATION OF THE KIDNEYS AND
CATARRH OF THE BLADDER,
STRANGURY AND BURNING, OR PAIFFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND
MUCOUS OR MILKY DISCHARGES,
AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said of its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give your praise to

CONSTITUTION WATER!

Males & Females

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic,

DR. W. H. GREGG, Proprietor.
MORGAN & ALLEN,
General Agents, New York.

HOSTETTER, SMITH & DEAN,
Agents for the Pacific Coast,
401 and 403 Battery street, corner of Clay,
San Francisco.

PRICE—$1 per Bottle, Six for $5. Packed and sent by Express.

Sold by CURTIS & MOORE, Victoria. oc26

P.S.
P.
S.
P.I.

PERUVIAN SYRUP,

OR, PROTECTED

SOLUTION of PROTOXIDE of IRON!

Has been used with great success in curing

Dyspepsia,

Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered state of the Blood, Female Complaint, Chronic Diarrhea, Boils, Scurvy the prostrating Effects of Lead and Mercury.

GENERAL DEBILITY,

And all diseases which require a TONIC & ALTERATIVE MEDICINE.

The proofs of its efficacy are so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

FROM WELL KNOWN CITIZENS OF BOSTON.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

REV. JOHN PIERPONT, THOMAS C. AMOR,
THOMAS A. DEXTER, PETER HARVEY,
S. H. KENDALL, M. D. JAMES C. DUNN,
SAMUEL MAY, REV. THOS. WHITTMORE

CERTIFICATE OF DR. HAYES.

It is well known that the medicinal effects of Protoxide of Iron is lost by even a very breef exposure to air, and that to maintain a solution of Protoxide of Iron without further oxidation, has been deemed impossible.

In the Peruvian Syrup this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto carbonates citrates, and tartrates of the Materia Medica.

A. A. HAYES, M. D.,
Assayer to the State of Massachusetts.
16 Boylston street, Boston.

Hostetter, Smith and Dean, 401 and 403 Battery street, San Francisco.

REMOVED!

G. LANGE, CHRONOMETER AND Watchmaker, has removed from the Brick store of the San Francisco Baths, on Government street, to his own private dwelling house on Herald street, in the rear of the large two story frame building, where he will continue his business as before, and not being under any shop expenses whatever, will be enabled to do work still more reasonable than before, so that the trouble of customers walking out to Herald street will be well rewarded in having their work done well and cheaper than anywhere else.

DIRECTION—Herald street is the third street parallel with Johnson and the 4th lot from Store, where the sign of a Clock will meet the eye.

A fire and burglar proof Safe will secure you property. no3 1m

IODINE WATER.

IODINE WATER IS THE MOST IMportant discovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Professor Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see American Medical Monthly, July 6, 1856, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver, and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, &c.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increasing the appetite. In cases of Dyspepsia, Emaciation and Debility an increasing nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price $1 per bottle.

Prepared by Dr. H. Anders & Co., Physicians and Chemists, New York.

HOSTETTER, SMITH & DEAN,

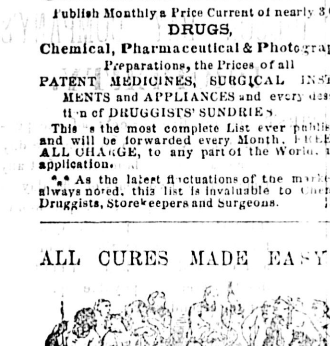
ALL CURES MADE EASY!



—BY—

Holloway's Ointment.

Bad Legs, Ulcerous Sores, Bad Breasts, and Old Wounds.

No description of wound, sore or ulcer can resist the healing properties of this excellent Ointment. The worst cases readily assume a healthy appearance whenever this medicament is applied; sound flesh springs up from the bottom of the wound, inflammation of the surrounding skin is arrested, and a complete and permanent cure quickly follows the use of the Ointment.

Piles, Fistulas and Internal Inflammation.

These distressing and weakening diseases may with certainty be cured by the sufferers themselves, if they will use Holloway's Ointment, and closely attend to the printed instructions. It should be well rubbed upon the neighboring parts, when all obnoxious matter will be removed. A poultice of bread and water may sometimes be applied at bedtime with advantage: the most scrupulous cleanliness must be observed. If those who read this paragraph will bring it under the notice of such of their acquaintances whom it may concern, they will render a service that will never be forgotten, as a cure is certain.

Rheumatism, Gout and Neuralgia.

Nothing has the power of reducing inflammation and subduing pain in these complaints in the same degree as Holloway's cooling Ointment and purifying Pills. When used simultaneously they drive all inflammation and depravities from the system, subdue and remove all enlargement of the joints, and leave the sinews and muscles lax and uncontracted. A cure may always be effected, even under the worst circumstances, if the use of these medicines be persevered in.

Eruptions, Scald Head, Ringworm, and other Skin Diseases.

After fomentation with warm water, the utmost relief and speedy cure can be readily obtained in all complaints affecting the skin and joints, by the simultaneous use of the Ointment and Pills. But it must be remembered that nearly all skin diseases indicate the depravity of the blood and derangement of the liver and stomach; consequently in many cases time is required to purify the blood, which will be effected by a judicious use of the Pills. The general health will readily be improved, although the eruption may be driven out more freely than before, and which should be promoted; perseverance is necessary.

Sore Throats, Diptheria, Quinsey, Mumps and all other Derangements of the Throat.

On the appearance of any of these maladies the Ointment should be rubbed at least three times a day upon the neck and upper part of the chest, so as to penetrate to the glands, as salt is forced into meat; this course will at once remove inflammation and ulceration. The worst cases will yield to this treatment by following the printed directions.

Scrofula, or King's Evil, and Swelling of the Glands.

This class of cases may be cured by Holloway's purifying Pills and Ointment, as their double action of purifying the blood and strengthening the system renders them more suitable than any other remedy for all complaints of a scrofulous nature. As the blood is impure, the liver, stomach and bowels being much deranged, require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chiego-foot	Fistulas	Sore-throats
Bad Breasts	Chilblains	Gout	Skin-diseases
Burns	Chapped Hands	Glandular	Scurvy
Bunions	Corns (Soft)	Swellings	Sore-heads
Bite of Mosquitoes and Sand-Flies	Cancers	Lumbago	Tumours
Coco-bay	Contracted and Stiff Joints	Piles	Ulcers
Beads	Elephantiasis	Rheumatism	Wounds
		Scalds	Sore Nipples

Sold at the establishment of PROFESSOR HOLLOWAY, 244 Strand (near Temple Bar), London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world at the following prices—1s. 1½d., 2s. 9d., 4s. 6d., 11s., 22s., and 33s. each Pot.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Pot. utcol

DR. J. COLLIS BROWNE'S

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J Collis Browne M.R.C.S.L., (ex-Army Medical staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

From W. Vesalius Pettigrew, M D., Hon. F.R.C.S., England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of diarrhœa."

From C. V Ridout, Esq., Surgeon, Egham: "As an astringent in severe Diarrhœa and an antispasmodic in Colic and Cramps in the Abdomen the relief is instantaneous."

Chlorodyne—Vice Chancellor Sir W. P. Wood, on Jan. 11, pronounced "that it is clearly proved before the court that Dr. J. Collis Browne was the original Inventor and discoverer of a remedy well known as Chlorodyne, and so highly appreciated in India, China, &c."

Extracts from the General Board of Health London, as to its efficacy in Cholera.

1st Stage of Premonitory—In this stage the remedy acts as a charm, one dose generally sufficient.

2nd Stage, or that of Vomiting and Purging—In this stage the remedy possesses great power, more than any other we are acquainted with, two or three doses being sufficient.

3rd Stage, or Collapse—In all cases restoring the pulse. So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of using it in all cases.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months severe suffering, and when all other medicines had failed."

Caution—Chlorodyne—In Chancery.

It was clearly proved before Vice-Chancellor Sir W. P. Wood, by affidavits from eminent hospital Physicians of London that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's. See Times Jan. 12, 1864. The public, therefore, are cautioned against using any other than Dr J. COLLIS BROWNE'S CHLORODYNE. No home should be without it. Sold in bottles, 2s 9d and 4s 6d, by J. T. Davenport, 33 Great Russell street, London, W. C., sole manufacturer. Observe particularly, none genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government Stamp. ju24 lyw

Rally! Friends, Rally!!

WM. C. KING, GRATEFUL FOR past favors conferred upon him, is about to bestow an important one in return upon the inhabitants of Victoria, British Columbia and Puget Sound, by opening his newly arranged and fitted up house on Johnson street, where it is his intention to serve up nothing but the best quality of food for body and mind.

The great desideratum in Victoria has always been an Hotel where good meals were to be had and

PURE LIQUORS

Only were retailed.

The undersigned, by his arrangements, is enabled to overcome that want, and will guarantee all his customers a good glass of liquor and a substantial meal.

The Sleeping Accommodations

Are for One Hundred Guests, who may always depend that they will receive nothing but first-class entertainment.

Papers of all countries in the Sitting Room.
no12 2w

RE-OPENING

—OF THE—

John Bull HOTEL.

THE ABOVE HOTEL WAS RE-OPENED on the 14th September. The Bar is stocked with the best Liquors, Cigars, &c., that can be procured in the market.

Free and Easies!

As originated in this city by the undersigned two years ago, will be held in the large room of the Hotel on WEDNESDAY and SATURDAY EVENINGS, as heretofore, and will be conducted in the same orderly style as in the old country.

The Proprietor begs to return thanks for the very liberal support accorded to him on the opening night by his patrons, and is anxious to assure them that no effort will be spared on his part to ensure their comfort and convenience.

no17 A. M. HARRIS.

More Attraction!

—AT THE—

FASHION

MUSICAL HALL!

THE PROPRIETOR BEGS LEAVE to inform his Patrons and the Public that at considerable expense he has engaged the following well known Artistes from San Francisco.

MR. JAMES GANS,

The well-known Pianiste,

Late of Australia and California,) who will appear

Every Evening,

In conjunction with

MISS FANNY STEPHENS,
The well known pleasing Vocalist, late of the principal Theatres in San Francisco.
MISS SARAH E. HENRY,
Formerly of Gilbert's Melodeon and New Idea
MISS JENNETTE STUART,
MISS LOUISA MERRILL,
MISS MARY BRENDON.

The Proprietor hopes that every one who has no concluded to visit "SOOKE" will patronise the only place of amusement in the City. no8 8m

ROYAL MAIL

Steam Packet Company's Agency,

For British Columbia & Vancouver Island.

OFFICE, MACDONALD & CO., BANKERS,

Yates Street.

THE ATTENTION OF SHIPPERS and passengers is particularly directed to the superior facilities the Royal Mail Steam Packet Company's Line affords for the speedy conveyance of Treasure, Goods and Passengers to and from England to British Columbia and Vancouver Island, in connection with the **Pacific Mail Steamship Company's Vessels and the Panama Railroad.**

The superiority of the accommodation and entertainment on board the Royal Mail Steamers, together with the time occupied on the passage between England and Aspinwall direct being so much shorter than by any other route, and the moderate rate of passage money, render this Company's steamers the CHEAPEST AND MOST EXPEDITIOUS MEANS OF TRANSIT, for passengers or for the forwarding of Goods and Treasure from Aspinwall to Europe.

Under an arrangement with the PACIFIC MAIL STEAMSHIP CO. Specie and Bullion can be conveyed to London and Havre in France.

Further information on the subject of Freight and Passage Money will be furnished by the under signed.

ALEX. D. MACDONALD,
nc20 Agent

SAANICH ELECTION

NOTICE TO INDEPENDENT CHIMNEY SWEEPERS

Breathes there a Sweep,
With a spirit so dead,
Who to himself has said—

I will vote for the man that would not pay Daly, the Chimney Executor, for operating on his Chimnies, &c., without a summons?

DALY,
oc31 London Hotel.

THE SUFFERER'S BEST FRIEND!

HOLLOWAY'S PILLS.

All Disorders affecting the Liver, Stomach, and Bowels.

These Pills can be confidently recommended as the most simple and certain remedy for indigestion, flatulency, acidity, heartburn, colic, constipation, and all the many maladies resulting from disordered stomach or bowels. In all diseases it is of primary importance to set the stomach right. These pills are purifiers, alteratives and strengtheners of the stomach. They may be taken under any circumstances. Though powerfully tonic and satisfactorily aperient, they are mild in their operation, and beneficial to the whole system.

Weakness and Debility, Nervous Irritability.

The wholesome effect exercised by these admirable Pills over the blood and fluids generally is like a charm in dispelling low spirits, and restoring cheerfulness. Their general aperient qualities well fit them for a domestic medicine, particularly for females, of all ages and periods of life. They never betray any disagreeable irritating qualities; they quickly eject all impurities from the system, and regulate every function of the body, giving wonderful tone and energy to weak and debilitated persons, while they brace and strengthen the nervous system in a most extraordinary manner.

To Regain Health, Strength, and Vigor.

Whenever persons find themselves in that state termed "a little out of health," and there are so many causes at work to shorten life, it is necessary that Holloway's Pills, the finest purifier of the blood ever known, should be at once taken, as they not only rid both solids and fluids of all morbid matters, but regulate all disordered actions, and strengthen the frame in a most extraordinary manner.

Old Coughs, Colds, and Asthmatical Affections.

These Pills, assisted in their action by rubbing Holloway's Ointment very effectively twice a day upon the throat and chest, and keeping those parts covered with the preparation, will be found the most effective remedy for asthma, coughs, colds, bronchitis, and influenza. These remedies tranquilize the hurried breathing, soothe the irritated air tubes, and assist in dislodging the phlegm which stops up the air passages. This treatment has proved wonderfully efficient in not only curing old settled coughs and colds, but asthma of many years' standing, and even when patients who were in so bad a state as not to be able to lie down on their beds lest they be choked by phlegm.

Derangement and Distension of the Bowels, Flatulency, Diarrhœa and Dysentery.

Any symptoms of the above complaints should be immediately met by appropriate doses of these Pills, according to printed directions; delay may be followed by disastrous consequences. These Pills are a certain remedy for all the ailments of the alimentary canal, they secure the thorough digestion of the food, and act most kindly on the stomach, liver, bowels, and kidneys. As a household medicine they are unrivalled, and should always be at hand.

Very Important, of Costiveness Beware.

Rarely but little notice is taken of costiveness, yet at certain periods it is a sure sign that danger is near. All who are seized with apoplexy and paralysis, have previously suffered from costiveness. In the former case the blood flies to the head, a small vein is ruptured on the brain, and we know the rest. Let wives counsel their husbands and husbands their wives, never to go to bed a second night if the bowels have not been properly moved during the day, particularly if they feel heavy and drowsy. A few gentle doses of these fine Pills will regulate the circulation of the blood, and remove all dangerous symptoms.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Inflammation	Stone and Gravel
Asthma	Dysentery	Jaundice	Secondary Symptoms
Billious Complaints	Erysipelas	Liver Complaints	Tic-Douloureux
Blotches on the Skin	Female irregularities	Lumbago	Tumours
Bowel Complaints	Fevers of all kinds	Piles	Ulcers
Colics	Fits	Rheumatism	Venereal Affections
Constipation of Bowels	Gout	Retention of Urine	Weakness, from whatever cause &c., &c.
Consumption	Head-ache	Scrofula, or King's Evil	
Debility	Indigestion	Sore Throat	
	Worms of all kinds		

Sold at the establishment of PROFESSOR HOLLOWAY, 244 St and (near Temple Bar), London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1½d., 2s. 9d., 4s. 6d., 11s. 22s. and 33s each pot.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Box. oc10
